Assessing Climate impacts on the Quantity and quality of WATER
 A large integrating project under EU R&D Framework Programme 7 (FP7)

FINAL CONFERENCE PROGRAMME

Geneva, Switzerland - September 4, 2013
 World Meteorological Organization (WMO), Obasi Hall

Morning	Afternoon
<p>09:00 M. Jarraud, WMO Secretary-General: <i>Opening and welcome remarks</i></p> <p>09:10 J.-D Vassalli, Rector, University of Geneva: <i>Opening remarks</i></p> <p>09:15 M. Beniston /M. Stoffel, ACQWA Coordination, University of Geneva (UNIGE): <i>Words of welcome; objectives of the meeting</i></p> <p>09:25/Guest Keynote G. Asrar, WCRP Director, WMO: <i>Current grand challenges in climate research</i></p> <p>09:45 M. Beniston, UNIGE: <i>Key results of the ACQWA project</i></p> <p>10:10 A. Lehmann, UNIGE: <i>Challenges for data handling and exchange in major EU projects</i></p>	<p>14:00 J.-I. Lopez-Moreno, IPE-CSIC, Zaragoza, Spain: <i>An overview of climate impacts research within ACQWA</i></p> <p>14:30 L. Gaudard, UNIGE, and S. Maran, RSE, Milan, Italy: <i>Impacts on hydropower in Switzerland and Italy</i></p> <p>15:10 J. Fuhrer, AGROSCOPE, Reckenholz: <i>Climate change and agriculture in the Rhone catchment</i></p> <p>15:30 A. Milner, University of Birmingham, UK: <i>Aquatic ecosystems in Pyrenean watersheds</i></p> <p>15:50 M. Stoffel, UNIGE: <i>Shifts in natural hazards in mountain regions under changing climatic conditions</i></p>
<p>10:30 <i>Coffee, tea, refreshments</i></p>	<p>16:10 <i>Coffee, tea, refreshments</i></p>
<p>11:00 P. Burlando, ETH-Zurich: <i>Shifts in mountain water resources in a changing climate</i></p> <p>11:30 A. Allan, UNESCO Centre for Water Law, University of Dundee, Scotland: <i>Implications for water law and policy</i></p> <p>12:00 J.-P. Dedieu, CNRS-Grenoble: <i>Snow-cover monitoring for Kyrgyzstan based on MODIS and AVHRR satellite data</i></p> <p>12:20 E. Coppola, ICTP, Trieste, Italy: <i>Changing patterns of climate and hydrology in the Po basin</i></p> <p>12:40 G. Ravazzani, Politecnico di Milano, Italy: <i>Climate change impacts on water resources in the Upper Po basin</i></p>	<p>16:40 M. Funk, ETHZ: <i>Stability of glaciers and future changes in associated risks</i></p> <p>17:00 F. Pellicciotti, ETH-Zurich: <i>Changing water resources in Chile</i></p> <p>17:20 Margot Hill, UNIGE: <i>New paradigms for adaptation strategies and water governance</i></p> <p>17:50 M. Beniston: <i>Closing remarks and Farewell</i></p> <p>18:15/Guest Keynote John Mitchell, UK Met Office, Exeter, UK: <i>Complexities of modelling precipitation and hydrology, and the policy relevance of modelling efforts.</i></p>
<p>13:00 <i>Standing lunch</i></p>	<p>19:30 <i>Reception</i></p>
